

CORPORATE VOLUNTEERING

Koala Kids Foundation's vision is to touch every child and young person undergoing cancer treatment in Victoria. We are committed to supplying engaging, educational and entertaining activities and programs to distract families and children from the pain and trauma associated with paediatric cancer.

Koala Kids provides rich and meaningful volunteering experiences for corporate teams of up to 10 people.

WHAT CAN WE EXPECT?

Morning Session 9.30 am – 12.30 pm

The session starts with a presentation by Amanda Mandie OAM, volunteer executive director and founder of Koala Kids.

Tasks may include:

- Sorting brand new donated toys books into demographics by age, genre;
- Sorting groceries according to monthly orders by hospital;
- Packing resources into seasonally or other themed craft activity kits.

Please note light physical tasks may be part of the session (including packing and lifting boxes, standing and bending).

Our office is only accessible via a small flight of stairs.

WHAT IS THE COST?

We ask corporates to make a \$2,500 tax- deductible donation when attending a corporate volunteer session. An invoice will be sent to confirm your booking.

WHERE IS THE VOLUNTEERING LOCATED?

Our office is located in the Korjo building at 441 Auburn Road, Hawthorn. There is free street parking available as well as nearby public transport options.

HOW MANY PEOPLE CAN ATTEND?

Koala Kids can facilitate groups of up to 10 volunteers.

IS THIS A GOOD OPPORTUNITY FOR TEAM BUILDING?

Yes! Corporate volunteering provides a fun, friendly environment for your team to get to know each other. Most of the tasks are easier enough that you can chat throughout them. If your team are relatively new to one another, we can allow time for you to complete some ice breaker activities at the start of the session.

DO WE NEED TO BRING ANYTHING?

Please wear simple clothing and comfortable, closed toe shoes. As your team may be completing a task in the warehouse, please dress appropriately for the conditions – it can get very warm in summer and chilly in Winter so a puffer jacket is a good idea! We provide morning tea, coffee, tea and other drinks however we encourage attendees to bring their own water bottle.
